

CM220 Unit 5 | Learning Activities

“Primary, Secondary, and Tertiary Sources”

The Library resource “Primary, Secondary, and Tertiary Sources” defines the various types of research, provides examples of the three types of sources, and discusses the advantages of using each type of research.

“Ten Mistakes in Academic Research”

WC resource “Ten Mistakes in Academic Research” focuses on the mistakes that some students make while they try to do research for their academic writing. Identifying these mistakes and learning how to conduct research successfully will help you find credible and best quality sources for your Assignments.

Getting Started with APA Style

<http://apastylecentral.apa.org.libauth.purdueglobal.edu/learn/browse/TUT-11>

“Types of Research”

Review the following media content to learn more about the types of research available and their level of reliability: [Types of Research](#).

<http://www.studymate.com?id=3X64gsAdA>

“Glossary of Key Terms”

You can also review a Glossary of Key Terms to help complete the practice activity: [Glossary of Key Terms](#).

http://extmedia.kaplan.edu/genEd/CM220/CM220_1502A/Documents/CM220_Glossary.pdf

After reviewing this unit's Learning Activities, complete the Quiz. The next step will be to read the Discussion instructions and respond to the topics.
