

Assignment Details and Rubric

Unit 6 Assignment

Unit outcomes addressed in this Assignment:

- Discuss ethical standards in health care settings.

Course outcomes assessed/addressed in this Assignment:

HS101-4: Apply ethical standards in accordance with applicable certification agencies.

GEL-7.1: Identify the ethical issues within the field of Medical Law & Bioethics.

Instructions

Your projects in this course will take you through "A Day in the Life" of a healthcare professional. You will be given the opportunity to apply the concepts that you have learned throughout the course to a variety of situations that a healthcare professional might face. This week you will take a look at ethical standards in accordance with applicable certification agencies.

In addition to the grading standards found in the Syllabus, projects will also be graded on accuracy and application of course materials. Each answer should be at least 1 paragraph in length, include supporting facts from the textbook and references.

- View the case study
- Respond to the questions that correspond to the scenario and upload to the appropriate Dropbox.
- Each question should be answered in complete sentences, using correct sentence structure. Responses should be free of grammatical, punctuation, and spelling errors.

Requirements

Case Study: A student has recently graduated from college with a health-related degree. She is now ready to pursue her career. A friend recommends that she obtain membership in the professional organization related to her career before starting her job search.

Questions:

- What is the name of the professional organization related to your chosen career? (NOTE: a list of professional organizations can be found in Chapter 5 of the text). How will your professional Code of Ethics help to guide you in making decisions?
- Does your professional organization offer a credentialing Exam for your career? If so, what is the name of the credential you can receive after passing the Exam?
- Define scope of practice. What determines the scope of practice for your chosen career?
- Based on the Code of Ethics for your chosen healthcare profession, list and explain three standards of professionalism.
- What could happen to someone who violates their professional Code of Ethics?

Please be sure to download the file “Writing Center Resources” from Doc Sharing to assist you with meeting APA expectations for written Assignments.

Submitting Your Work

For directions on how to submit your work and review your graded Assignments, refer to the Dropbox Guide found on the Academic Tools tab. Make sure that you save a copy of your submitted work.

To view your graded work, come back to the Dropbox or go to the Gradebook after your instructor has evaluated it. Make sure that you save a copy of your submitted project.
