When you click on the “Learning Space” in the Unit this is what you will see:

Click on Unit 1 and review the detailed instructions.

- **Unit 1: Blog Instructions**
- Review the detailed instructions for participation guidelines.
- **Web Field Trip Activity**
- **PowerPoint Presentations and Seminar Activity**
- **Chapter Specific Learning Activities**
- **Sound Byte Activities**
- **Active Help Desk Activities**

Select one of the following activities and post your response to the content as instructed:

- Web Field Trip Activity
- PowerPoint Presentations and Seminar Activity
- Chapter Specific Learning Activities
- Sound Byte Activities
- Active Help Desk Activities
To get started, click on the IT190: Foundations in Information Technology link on the top left hand side above Unit 1 Blog Instructions to return to the Blog Home Page.

[This is an important tip, as you will use that link to always navigate to the blog home page.]

After reviewing the different activities, choose 1 and start working on your assignment. For Example, if you chose the Chapter Specific Learning Activities (see below).

You would see the following instructions.

Choose at least 2 of the following activities to complete.

- Chapter 1 Online Study Guide
- Chapter 1 Crossword Puzzle
- Chapter 1 Jeopardy Game
- Chapter 3 Online Study Guide
- Chapter 3 Crossword
- Chapter 3 Jeopardy Game

Comments:

- Which activity helped you more?
- What did you find most useful about the activity?
- How did these activities help you to better understand the materials in the chapter?

Remember, your post can be audio, video, or a traditional typed response.

To make comments: Click on "Viewer Comments" then "Add a Comment" to make an entry.

If you wish to return to the Blog Home Page click on the IT190: Foundations in Information Technology link on the top left hand side above Unit 1: Chapter Specific Learning Activities.
After you have completed two of the activities, you would now post your comments to the blog. To do that you will click on “Viewer Comments” and then “Add a Comment” to make an entry.

Type in your subject line and fill in your response.

Click on Post and you will see your comment posted. Other students can comment on your post by clicking on Reply.
To explore other sections of the blog, click on the *IT190: Foundations in Information Technology* link on the top left hand side above Chapter Specific Learning Activities to return to the Blog Home Page.
