In order to access seminar archives, log into your KU Campus page

Click on “My Seminars,” a blue link under the class name.
If the blue “My Seminars” link under the class name does not work, at the top of your Kaplan desktop on the blue tool bar, click on “My Studies” and then “My Seminars.”

It takes a while for the page to load, so be patient. On the page that comes up, you will see seminar boxes. You can change the view to see past weeks.
Click on the box for the seminar you missed and then click on View Archive.
Next, select the date of the seminar you would like to listen to.

You can then listen to the seminar recording.
